Cartwright New York is a boutique, luxury lighting and accessories company based in New York City. We make custom blown glass lamps and blown glass and brass chandeliers inspired by the Venetian masters for select residential and commercial interiors.

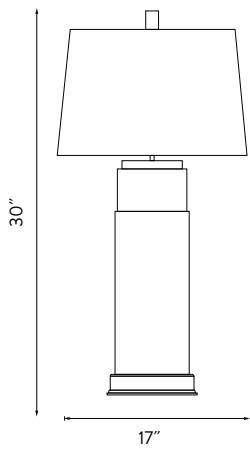

Our lamps and chandeliers are designed to fit perfectly in both luxurious, contemporary interiors, and classic, timeless ones.

Each piece is made by hand, and assembled in our own Brooklyn workshop. And as our pieces are made to order for our clients, we are able to accommodate custom options.

Canna Dritto

WIDTH	6"
HEIGHT	3.5"
MATERIALS	FREE BLOWN GLASS, ALSO AVAILABLE MOLD BLOWN
COLORS	BLACK, WHITE
PRODUCTION	NEW YORK

Canna is used to create a rigid geometry in the glass, which in its molten state is fluid.

Lattimo is used to layer color, creating the softness of cashmere.

Sommerso, creates an envelope of clear glass in which to suspend a color.
